

Orbis Avenue Reserve

Landscape Concept Plan

The proposed Orbis Avenue Reserve Playspace will deliver:

- Additional paths to provide direct access to the playspace and picnic facilities.
- Additional shade trees, in key locations to provide additional shade and make travelling along the paths comfortable during warmer weather conditions.
- Playground equipment that will suit a range of ages of children being adjacent to a high school to the north and provides for further physical activity and play.
- Picnic & BBQ Facilities to promote social connection and interaction.
- Focus on native indigenous planting for sustainability in all garden beds.
