

Childs street Circuit Reserve Minor Upgrade

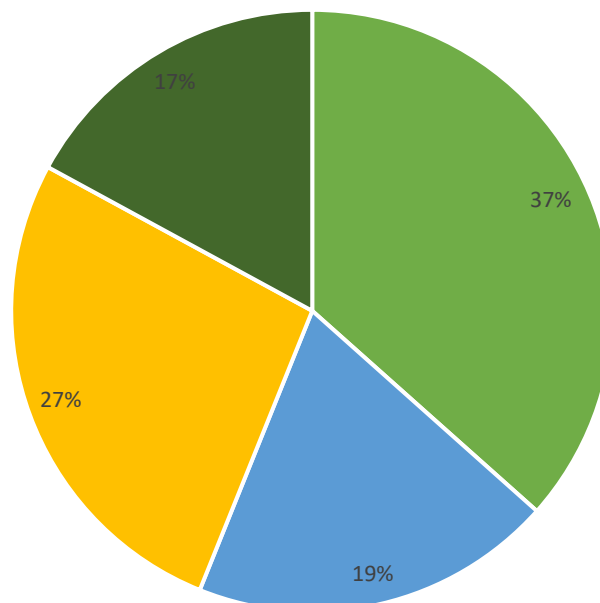

Community Feedback

Between the 31st October 2022 and 11th November 2022 Melton City Council shared with the local community of Childs Street West Reserve, Melton South a proposed landscape plan to upgrade the existing park.

Feedback was collected via an online survey, a hard copy flyer and email. This feedback helps Council to understand what is important to the community and why, as well as identify any other opportunities for improvements. The feedback was reviewed and used to update the park design.

Feedback collected highlighted that there was no equipment catering for younger children and that there was a desire for traditional play equipment which catered for this age group as well as accessible play and picnic facilities. Requests for a basketball half-court were also received, however, this was not supported at this stage due to the reserve size and proximity to adjacent residents.

The highest rated amenities for community

■ Traditional Playground equipment ■ Nature Play Elements ■ Picnic Facilities ■ More trees and Garden beds
